It is reported that a fine grade of  
mineral paint has been found near  
Cudwells. It is not likely to super-  
cede Texas mine paint in popularity  
this winter.

In Missouri some of the candidates  
for the legislature have many good  
reasons for the vote. That being any  
Even the candidate in Texas a little  
in the future.

A government report says that  
the mineral water contains him from  
falling off. If that is true that the  
"cancer" must have had this same  
manner.

much comfortable indeed.

It is said that John D. Rockefeller  
did not familiarize in money and he  
was thirty five years old. He had

it is composed of

## BETTY'S BUBBLES.

Mr. Doty, the Republican candidate  
for county judge, has been blow-  
ing bubbles that have "burst" before  
they were much more than out of his  
mouth. Mr. Doty has been quite  
active in his manner, having promised  
big sensations when his arti-  
cles and speeches, but in such instances  
as Doty's own has kicked back  
so hard that he is not far ahead as  
far as when he started. The moment  
is close that Judge Wheat and not  
himself, the sole bondsman, has  
been formation by the voters. His last  
attack which had the county commis-  
sioners for its target is of the kind  
that makes the Democrats happy for  
it is a matter of fact the greater part  
of this money was expended by Re-  
publican commissioners who were  
brought to the law to make the expendi-  
ture. In the opinion of the Repub-  
licans there was at one time three Re-  
publican commissioners on the board  
but we feel quite certain that Mr. Doty  
is a safe bet that in the selection of  
such officers the voters have al-  
ways had the fitness of the candidate  
in clear more than his political faith.

Of course Mr. Doty will get the sup-  
port of the Republicans but we will  
be very much surprised if he can't  
outdo the Democrats of the county by his  
abilities.

Mr. Doty has been吹着泡泡。

Charles Dickens of the Orange  
Progressive League has resigned as  
secretary, but offers to take the office  
back without salary so that the money  
he may need to use in locating mem-  
bership. That is loyalty with no strings  
to it.

Our Secretary of State is accom-  
plishing a great deal of work that we  
believe will be productive of good. He  
is energetic and fervent and his  
heart is in the work. This is another  
of the many reasons that cause us  
to look for a much larger role for the  
Prohibition ticket than ever before.

Our presidential nominee, Mr. Swad-  
low, is a strong man and seems to  
have been the best candidate from  
our standpoint, for the position.

He was delighted with everything at Bal-  
timore, and told that our cause is grow-  
ing, materially throughout the country.

The following is Mr. Carroll's re-  
quest to the voters to publish in the  
Advocate.

In response to very many requests and  
inquiries, which have come to me  
from citizens of all classes and from  
practically all parts of the Union, I take pleasure in briefly record-  
ing this, my final expression during the  
present campaign concerning the nation's curse and burden, the or-  
ganized crime of the United States.

I am profoundly of the conviction that the ultimate  
glory and perpetuity of the American  
Government depends upon the abso-  
lute abolition of the manufacture and  
sale of intoxicating liquors as a beverage.

It is passing strange to a stu-  
dent of the history of current events  
that the candidates of both the Dem-  
ocratic and Republican parties are  
absolutely silent concerning this great  
evil.

Even the Republican platform,  
which in former years did in an ex-  
ceptional way recognize the evils of the  
traffic, is now silent as the grave.

The Democratic platform, in  
its present form, is also silent.

It is a mystery to me why

## CARROLL ON RESULTS

DISTINGUISHED BEAUMONTER IS  
HOME AGAIN.

## PROHIBITION PARTY OUTLOOK

HIS LATEST ADDRESS TO THE PEOPLE  
WHAT HE THINKS OF THE COMING  
ELECTION.

HOM, George Carroll, one of Beaumont's best known citizens, alderman from the third ward and vice president of the Prohibition party, has returned to the city after a two days business trip to Dallas.

While in Dallas Mr. Carroll visited the Prohibition headquarters and talked over the campaign from the National Stand-

point. In speaking of his trip to an Enterprise reporter he said:

"The prospects for the Prohibition party rolling up a good vote are ex-

cellent. We look for a large vote than ever for several reasons.

We have only a few days more in which to work. May these days be full of the most patriotic service ever rendered by men and women.

I could say much more, but time is short.

I am so very short that I desig-

nate and brief. Send out the word along the line of battle and let us poll in time for the largest vote the National Prohibition party has ever known.

Very respectfully,

GEORGE W. CARROLL.
